

## Director's words

Dear Language lover,

Thank you very much for your overwhelming response to our first edition of 'Gartien Tweet'.

Success Garten talks about the story of success. The word 'success' is really a personal feeling. At Success Garten, every step is taken to assure that success is felt by every Gartien! There must be a platform creation of 'success' first. Therefore, the family members of success such as 'best', 'excellence', 'perfection' must be invited. Though these are the stage players, their back end counterparts such as hard work, discipline, honesty, punctuality, dedication and perseverance should not be ignored. Once these combinations are properly blended, definitely, everyone can taste success.

When we connect the success factor in a foreign language called English, there must be sincere steps followed to have a mastery on this language. The four skills in this language must be properly understood in connection with their interdisciplinary roles. Speaking is connected with listening while writing is connected with reading. So, cultivating habits in each skill will have reflections in their corresponding complementary skills. Only by proper habits, one can conquer this language, there is no readymade recipe for it.

Coming back to the in house activities, Success Garten was fortunate to host the vacation programme for children after the covid pandemic crisis. It is exciting to note that due to the overwhelming response from parents, we started two batches in 'May' itself. Another blessing was the 'communicative English' programme. As it is known, Success Garten has started its foundation on this programme. All the other language products have taken their shape only because of the strong grounding on communicative English programme.

Moving on to the success stories, all our three wings - Garten IELTS, Garten OET and

## BEING AN EDUCATOR

### FACULTY EXPERIENCE SHARING

Ever since I stumbled upon the teaching profession by chance but continue to stay on by choice, I have gathered a wealth of many precious experiences that have served to create an identity which I consider as the culmination of years of search to define myself. Today I feel happy finding a little difference in the lives of those I interact with, by making them aware of who they are and what they are capable of. The process of engaging the young minds in an educational scenario has been a continuous learning experience for me, owing to the same I consider myself also in a growing process. The journey so far has been eventful with mesmerizing highs and stifling pains, disappointment, vexation and satisfaction but altogether an enriching and rewarding experience.

There are different pedagogical approaches and tools favoured and used extensively for different learning experiences. The entire teaching learning process in the light of technological revolution and information explosion the world has witnessed a tremendous change. The role of a teacher is no longer an imparter of knowledge but as a facilitator of learning. Students are no longer the 'wet clay' to be moulded into the desired shapes. They come equipped with a better understanding of the world

around them and multiple sources of information available to them. Internet explorers can quench their curiosity. In keeping with the changing times, the educational process has to be tuned to meet the requirements of the new generation.

My entry to this temple of learning was quite accidental. Being an ardent lover of English language the motto of SUCCESS GARTEN - 'Freedom Through Language' captured my attention quite often when I passed by the road to this town Thiruvambady. I believe that destiny brought me here, giving immense opportunities to relearn and grow. I can say that every new piece of information is a source of new knowledge in learning which in turn offers an added advantage in enhancing the level of our confidence. To become the master of the English language is a difficult task but it's amazing to see the tremendous efforts taken by the institution for fulfilling the dreams and aspirations of students who come in pursuit of this noble aim. I feel proud to be part of this saga of learning which reminds me that the limits of my language are the limits of my world. To accomplish the same I have many more miles to go.

Deepa K.C.

### Authors & Books

*Introducing the Nobel laureates in literature :*

The Nobel Prize in Literature 1902 was awarded to Christian Matthias Theodor Mommsen (German) -the greatest master of the art of historical writing, with special reference to his monumental work, 'A history of Rome'.

Theodor Mommsen came from the Duchy of Schleswig, which, at his birth, was part of Denmark. After his studies he became professor of Roman history in Berlin. He was also politically active.

During the upheavals of 1848, he supported a constitutional reform, and later he was active in the nationalist liberalism movement. He stood for an inclusive nationalism and was an outspoken opponent of anti-Semitism. At the same time, he supported a strong German nation and felt the Slavic countries to the east were a threat.

Theodor Mommsen was trained in both history and law, and this combination was important for his research career. His Nobel Prize was motivated primarily by his pioneering three-volume work about Roman history, *Römische Geschichte*. It depicted different aspects of the Roman Republic's history: political, legal, economic, cultural and even geographical and meteorological. His writing was vivid and empathetic, and it was for these literary qualities that he was awarded the Nobel Prize.

### Know the book

*'Pride and Prejudice'*

'Pride and prejudice', romantic novel by Jane Austen, published anonymously in three volumes in 1813. A classic of English literature, written with incisive wit and superb character delineation, it centres on the burgeoning relationship between Elizabeth Bennet, the daughter of a country gentleman, and Fitzwilliam Darcy, a rich aristocratic landowner.

Mr. Bennet, owner of the Longbourn estate in Hertfordshire, has five daughters, but his property is entailed and can only be passed to a male heir. His wife also lacks an inheritance, so his family faces becoming poor upon his death. Thus, it is imperative that at least one of the girls marry well to support the others, which is a motivation that drives the plot.

The famous first line of Jane Austen's *Pride and Prejudice* goes like this: "It is a truth universally acknowledged that a single man in possession of a good fortune must be in want of a wife?"

*Author : Jane Austen*

*Characters : Mr. Fitzwilliam Darcy, Elizabeth Bennet,*

*Genres : Fiction, Romance novel, Novel of manners, Satire*

# STUDENT EXPERIENCE SHARING

“Nothing ever becomes real till it is experienced”, why did I quote the words of John Keats here? Well, I cannot portray the real me today without touching the base on which I was founded. I’m talking about the place I got trained and the person who found the linguistic skills in me. If I had not experienced the same back in 2016, I would

not have lived the life today. I am Jimil Thomas and I’ve been living in Canada since 2017. It’s a great honour that I belong to the Ruby Club of Success Garten (IELTS 8 : L- 8.5, R- 8, W-7 & S- 7.5 ) and I am grateful beyond words for what you have done dear Chintu M. Raju and team SG.

## How can I improve my English language?

‘Nobody can teach you a language, but you can learn it.’

This statement highlights the need to show personal interest in developing one’s language. Since nobody is a born language user, the exposure in a particular language one has got is very crucial in deciding the growth in that language.

Now comes the most essential aspect of a language. The software part of a language is

grammar whereas the hardware side is communication. The more we invest on grammar, the more reflections can happen in our communication. In order to polish the spoken version of English language, the pronunciation must be properly understood. This can be achieved by knowing more about the sounds in English language.

### Sound familiarisation :

**Phlegm** : It is pronounced ‘flem’

**correct** : It is pronounced kerect ( rhymes with check )

**apex** : It is pronounced ‘ei(rhymes with ‘date’)peks’

**bomb** : It is pronounced ‘bom’ (rhymes with ‘mom’ -usually, in ‘mb’ combination ‘b’ will be silent – not in all cases, check the word ‘number’)

### Conversational practice

Dear language lover, the following extract is a piece of communication between two imaginary characters – ‘Yomol’ and ‘Backu’. What you are supposed to do is to replace them with your family members/ beloved people and speak aloud the respective roles.

Backu : Good evening...I am at my best!

Yomol : Sounds great! Have you read our first edition of ‘Gartien Tweet’?

Backu : I am afraid, I missed it.

Yomol : No worries, I will give you a copy.

Backu : Thank you, Yomol. By the bye, have you gone through it thoroughly’?

Yomol : How can I miss even a section of it? It is really a feast for a language lover.

Backu : You really love it, don’t you?

Yomol : Yes, I must love it. It is a matter of survival also.

Backu : Sure, I want you to be my perfect language companion.

Yomol : Why not, dear!
