

## Director's Words

Dear Language lover,

As we are going through the last quarter of 2022, it is worth auditing our 2022 in terms of the language growth. It was a very much phenomenal third quarter for Success Garden upto September last, thanks to the faculty and students who contributed excitedly.

On teacher's day -Sept 5th, the layout of the full-fledged campus was released, and all the faculty members were individually honoured. The theme of Success Garden teaching was also declared on that day - 'When the teacher enjoys teaching, the students start learning!'

Success Garden has got another milestone in its growth in the form of its much awaited library - Garten Biblia. The structural work of the library is over. This library is a monument to preserve the lost glory of the reading habits among our youngsters. We prove that only by genuine habits, we can rejuvenate our evergreen language skills.

The preparation for the commercial video advertisement has also started. The concept of a complete language campus is one of the dreams of Success Garden. Well maintained class rooms, peaceful hostels, neat canteen, lush green café, state of the art library, spacious parking facilities are presently available at Success Garden! But, the uncompromisable factor is the quality training. By this video, the public get a chance to know about the in house activities of Success Garden.

All our English language exams have proved their worthiness in the last quarter. The greatest excitement is for PTE. The training content of the PTE has been updated and the 4 week programme is completely packed in terms of rich syllabus. IELTS and OET exams have maintained their consistency in results and training efficiency. Communicative English has reached its third level called 'studio' where the stage becomes a natural extension of the tongue!

The ground rule at Success Garden is very clear, 'unless you enjoy language learning, you won't feel the taste of it!' Every language exam training is a celebration at Success Garden. Your duty is to come and become a part of this celebration.

Wishing you a language powered season ahead, all the best!

Linguistically yours,

**CHINTU M. RAJU**

# FACULTY'S EXPERIENCE SHARING

“Life is about creating and living experiences that are worth sharing”. -Steve Jobs. This inspirational line from a legend comes to mind when I talk about the time I was there as a faculty member in Success Garten. From the early days of being an English Language Trainer, I was astonished by the passion and dedication shown by Chintu sir towards English. I realized that it was the right place for an ardent lover within me to sharpen all the tools and move forward with sheer confidence. From then onwards, it was the commencement of a golden phase of my life where I could acquire numerous opportunities to relearn and grow both as a trainer and a student. Even though the transition that I had to undergo from a student to a trainer was challenging, those steps made me build up a strong

foundation in the language. Eventually, with the magical guidance of Chintu sir and wholehearted support of staff members, I was fortunate enough to be a part of great success stories from our proud students.

I believe that the learning phase in me has not come to an end as the English language is always an evolving language. Without a speck of doubt, I can surely say that the moments I had over there would be valuable life lessons for the years to come. I am always proud to say that I am a part of the Gartien family wherever I am. Thank you Chintu Sir and to the whole team of Success Garten who have helped me in so many little and big ways!

## LANGUAGE POWER

### (i) Power packed ‘adverbs’

Feel the power of adverbs in your communication. Dear language lovers, just imagine the following sentences without the last word, emotionless, right?

He answered confidently.

She completed the programme successfully.

He reviewed the project thoroughly.

She drew the picture creatively.

They participated the games energetically.

She sang the song mellifluously.

Here comes the relevance of adverbs! All these underlined words are adverbs which have the power to give an extra emotion to the communication. Use them lavishly in your communication!

### (ii) Confusable pairs

Learnt Vs learned

a. learnt and learned:

These are the past form and past participle form of the root verb ‘learn.’ Learnt is more British whereas ‘learned’ is more American.

It has only a single syllable - /lɜ:nt/

Eg. I have learnt/learned a lot from you.

b. learned - /'lɜ:.nɪd/

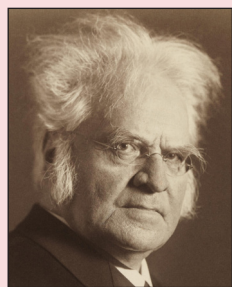

Here, the adjective form is considered, where it has two syllables: LER-ned.

A learned person has studied for a long time and has a lot of knowledge:

Eg. He is a learned professor.

## Know the book

### THE CALL OF THE WILD

The Call of the Wild is a short adventure novel by Jack London, published in 1903 and set in Yukon, Canada, during the 1890s Klondike Gold Rush, when strong sled dogs were in high demand. The central character of the novel is a dog named Buck. The story opens at a ranch in Santa Clara Valley, California, when Buck is stolen from his home and sold into service as a sled dog in Alaska. He becomes progressively more primitive and wild in the harsh environment, where he is forced to fight to survive and dominate other dogs. By the end, he sheds the veneer of civilization, and relies on primordial instinct and learned experience to emerge as a leader in the wild.

## SUCCESS STORIES

Here is Amrita Agnes George who immigrated to Canada this April. When we (my family) thought of a migration to Canada we knew that high score in IELTS is essential to upgrade my score for being in the list for Canada immigration. So the search for a good institution started. My daddy, an English teacher himself, who knew Mr. Chintu as a language trainer par excellence recommended Success Garten Thiruvampady, Kozhikode to me. On joining Success Garten I realised how blessed I was to be guided and mentored by Chintu Sir and exceptionally gifted and passionate English language expert who motivated me to putting in my best. He infused confidence in me and the IELTS exam became a cake walk which gave me an overall score of 8.5 [ Listening :9, Speaking : 8.5 , Reading: 9, Writing : 7.5). Of course I was elated and was

immensely grateful to our beloved Chintu Sir and his team who made it possible.

Chintu Sir and his team's personal care and guidance has enabled each and every student of Success Garten to score well in IELTS which opened the door to their dream goals; be it migration, a nursing job abroad or the study Visa in Canada, UK, Australia or New Zealand. More importantly the coaching at Success Garten gives you the confidence to use English language as a tool to reach out to the people of a new country and culture.

Thank you Chintu Sir and Success Garten. I owe much to you. May God Almighty bless you folks to continue the great work you do for the IELTS aspirants.

Three cheers to Success Garten.

Ms Amritha

## How can I improve my English language?

How can I improve my English language? Language must be experienced.

The power of habits alone can give you the big feeling of language experiences. The number of habits in English language will decide the extent of growth in English communication. As language lovers, our duty is to bring the English

language activities in our priority. The best habit is to convert the receptive skills into productive skills. Our listening skill will influence the speaking aspects whereas the writing skills are shaped by the reading inputs. So, finding out maximum habits in listening and reading can contribute to our speaking and writing capacity.

### Sound familiarisation

- (a) jewellery /'dʒu:.əl.ri/  
Break 'jewellery' down into sounds : [JOO] + [UHL] + [REE]
- (b) vegetable /'vedʒ.tə.bəl/  
It is [vej] + [tuh] + [bul]
- (c) comfortable /'kʌm.fə.tə.bəl/  
Break 'comfortable' down into sounds: [KUMF] + [TUH] + [BUHL]

### Conversational practice

Dear language lover, the following extract is a piece of communication between two imaginary characters – 'Yomol' and 'Backu'. What you are supposed to do is to replace them with your family members/ beloved people and speak aloud the respective roles.

Yomol : Hi there...how is life?

Backu : Flying!

Yomol : Is that you? I can feel a great transformation in your approach towards communication!

Backu : Don't you know the proverb dear – 'You are known by your company'.

Yomol : I am really honoured. By the bye, how is your progress in English communication?

Backu : I am improving slowly; The more I spend time with it, the more complicated it becomes!

Yomol : Exactly, that is how it works! Every skill needs time and patience. It is not an overnight wonder!

Backu : Thank you for your care and support!

Yomol : It is my duty to make you speak English language! As long as I am here, you need not worry about your language inhibitions!

Backu : Wonderful.

## Language activities :

### I. Portmanteau or telescopic words :

These are set by blending words in which parts of multiple words are combined into a new word.

From the word 'breakfast' and 'lunch', we get a portmanteau word 'brunch'

Set the portmanteau words from the following pair

1. travel + dialogue =
2. international + police =
3. melody + drama =
4. squeeze + crash =
5. export + import =

### II. Spoonerism :

It is a transposition of initial sounds of a word.

It is named after the Oxford don and ordained minister William Archibald Spooner, who reputedly did this. Once in his class, he started blaming his students telling like this, ' You have tasted the whole worm', actually the intended meaning was 'You have wasted the whole term'.

Actually, spoonerism is a mistake made when speaking in which the first sounds of two words are exchanged with each other to produce a not intended and usually funny meaning.

Try to find out the real words needed to make a sensible sentence from the given sentences.

1. She is a wife house.
2. I'm sorry, actually, it was a tip of the slung.
3. The Lord is a shoving leopard.

## Laughing Moments

'For months', said the excessive socialite, 'I couldn't discover where my husband spent his evenings.' 'And then what happened?' breathlessly asked her friend.

'Well', she continued, 'one evening I went home and there he was.'

### Tricky words :

#### Kangaroo words:

What is common in enjoyment & joy?  
observe & see  
plagiarist & liar  
prosecute & sue  
recline & lie  
supervisor & superior

disappointed & sad  
blossom & bloom  
alone & one

In all these pairs, it can be seen that the second word is present in the first word itself. Such words are called 'kangaroo words'.
