

## Director's Words

Dear Language lover,  
We are excited to welcome one more year in our life, welcome 2023! As we know, every year offers us new possibilities, now hopes, and opportunities to explore changes in our life. Learning from mistakes and taking corrective steps alone can ensure our growth in this modern competitive world. Auditing the past year can also be a worthy exercise provided we are willing to update ourselves.

2022 was phenomenal in terms of the mega global sport event – world cup football! From the top football playing 32 nations, the final witnessed the real battle between the Latin American Messi led Argentina Vs Mbappe packed French perfect team. It is interesting to note that the team which had lost to Saudi Arabia in the league matches became the world football winners towards the end. The real message of perseverance can be learnt from this incidence.

We have started the third year of the second decade of the 21st century. As we know, the beginning of the first two years of this decade was not that positive – full of anxieties and uncertainties. Now, people have started dreaming again but with a caution! Every day gives us the immense potential of growth, so, as a human being, it is our duty to contemplate on our possibilities and how the growing market can be converted in favour of our skills. Once we start taking responsibilities of our life, we never become the part of excuses, we become the part of solutions.

Success Garden is on the threshold of its 13th birthday! For me, it is completely language packed 13 years in its full essence in a small town called Thiruvam-

bady. At Success Garden, we constantly prove that a community which cherishes free communication must be there to ensure the survival factor. Every faculty at Success Garden is a brand; every student at Success Garden is a brand. The campus at Success Garden is a brand. We believe that brand creation must happen naturally, no outsider can claim the responsibility of our brand.

All our five brands have maintained their consistency in terms of training content, faculty enhancement pack and results in 2022 also. Garten IELTS – ruby club has got an incredible 19 member team in 2022 itself, taking the total overall 8 band scorers tally to 122. Garten OET - Nursing has been embellished with 31 students with perfect B in all modules. Garten OET UK club has got 22 members and Garten OET Ireland club has been strengthened by 14 members.

Garten OET-Medicine has been enhanced by 5 students with perfect B grades! Garten OET – Pharmacy has got five more members last year.

Garten PTE had a great year in 2022 by producing almost eight +80 scorers and twelve + 70 scorers!

So, the message is very clear, at Success Garden, we prove that OET, IELTS and PTE have a common factor, they are purely English language exams!

Successful completion of 38<sup>th</sup> batch of communicative English from the Anglo Garten was a significant achievement of last year. Kids Garten was operational after a gap of two years due to the Covid pandemic.

As we know, the power of any training institute is its faculty

strength. The unparalleled daily basis faculty updation at Success Garden is remarkable. What the students need will be made available at Success Garden!

The other facilities Success Garden provides to Success Gartien are remarkable. Garten café has been fruitful in its birth year itself. For the smooth physical development of students, 'Garten Turf' is also getting ready. It is really a tribute to the Qatar World cup football- 2022. 'Garten Biblia' is going to revolutionise the reading passion of students. Reader's club is another venture from Garten Biblia where the outsiders can also be a part. 'Sumba dance' and 'Aerobics' for our women students will be an attraction in 2023.

With all these language packs and amenities, Success Garden is ready to embrace 2023 in a great passion. So, when you come to Success Garden campus, definitely, we become honoured so that we together grow and prove that communication skills transcend everything else. All the best, once again!

### Band : BACKSTREET BOYS

Song :

'Show me the meaning of being lonely'  
 Show me the meaning of being lonely  
 So many words for the broken heart  
 It's hard to see in a crimson love  
 So hard to breathe  
 Walk with me, and maybe  
 Nights of light so soon become  
 Wild and free I could feel the sun  
 Your every wish will be done  
 They tell me  
 Show me the meaning of being lonely  
 Is this the feeling I need to walk with?  
 Tell me why I can't be there where you are  
 There's something missing in my heart  
 Life goes on as it never ends

Eyes of stone observe the trends  
 They never say forever gaze, if only  
 Guilty roads to an endless love (endless love)  
 There's no control  
 Are you with me now?  
 Your every wish will be done  
 They tell me  
 Show me the meaning of being lonely  
 Is this the feeling I need to walk with?  
 (Tell me why) tell me why I can't be there where you are  
 There's something missing in my heart  
 There's nowhere to run  
 I have no place to go  
 Surrender my heart, body, and soul  
 How can it be

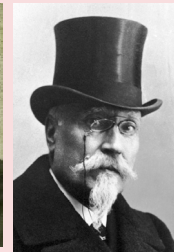

You're asking me  
 To feel the things you never show  
 You are missing in my heart  
 Tell me why can't I be there where you are?  
 Show me the meaning of being lonely  
 Is this the feeling I need to walk with?  
 (Tell me why) tell me why I can't be there where you are (where you are)  
 There's something missing in my heart  
 Show me the meaning of being lonely (being lonely)  
 Is this the feeling I need to walk with?  
 (Tell me why) tell me why I can't be there where you are (where you are)  
 There's something missing in my heart.

### Know the book

#### THE THIRTY NINE STEPS

The Thirty-Nine Steps (1915), by Scottish author John Buchan, is an espionage thriller and the first of five of Buchan's novels to feature the character Richard Hannay. Buchan's novel takes readers on a breathtaking series of exciting exploits featuring German villains that take place in May and June of 1914.

Richard Hannay is on the run from the police, who suspect him of murdering the woman found stabbed to death in his London flat. This story and his photograph are in many of the newspapers throughout Great Britain. In reality, the woman picked Hannay up at the Mr. Memory show, telling him that two men were trying to kill her in an effort to obtain information which would breach national security. Hannay is not only on the run from police but is also trying to find out the nature of the potential national security breach to clear his name. All he knows from the dead woman is that it has something to do with a man in a small town in Scotland, another man who's missing part of his pink finger, and "The 39 Steps." On this perilous journey of discovery he's forced to take along a feisty young woman named Pamela who is endlessly belligerent towards him despite her precarious situation.

## FACULTY'S EXPERIENCE SHARING

Hey there, I'm Ashal Benny from Mangalore. It was a dream of mine to study in Kerala ever since I heard about the campus life experiences from my Malayalee friends back in Mangalore. And it happened that I got the opportunity to coach students for the IELTS in Kerala at Success Garten.

I started off as a student. Since the environment was very new to me, initially it was a little difficult, but within a short span of time I started enjoying being at S.G. The classes were meticulously delivered by the faculty who were very friendly to all the students. The doubts were cleared so beautifully that I had no questions to shoot. The calming garden in the campus was exactly like what I wished for and added to the experience. The saddest part was leaving back to Mangalore which made me feel as tough as I am being separated from my family.

But, Kismet was by my side that I was called back to Success Garten to be a trainer, I never thought language or teaching language based

programs was my cup of tea. When I began this ambitious journey, it was Chintu Sir, who guided and supported me like a person who puts wind in one's sails. Every time I stood in front of students to take the class, I was confident enough to fight the battle of language. Moreover, it was the everyday sessions by Chintu Sir in the morning before the class that helped me to get motivated and stir a love towards the language. Learning new words and phrases was the best part of the initial phase. I kinda never missed my city life, my colleagues were so friendly that though we were from different professions and different age groups, we felt like one family, the unbreakable bond helped me work happily in that campus. The love and support shared by them was something that I cherished.

Though I had to bid goodbye to S.G. I still have the feeling of belongingness. Every time I hear or think about SG, it brings goose bumps. Being part of SG was one of the best things that happened to me. And I salute the determination that Chintu sir and his team has towards the language lovers and I am sure that their determination will continue to transform ordinary people in our society to extraordinary people because they provide freedom to people - FREEDOM THROUGH LANGUAGE.

## How can I improve my English language?

Improving our present English language needs right habits in this language. The best way to improve a language is to collect vocabulary in that language. Sounds easy? But, it is not that easy as we think. Because, in English language, words are a part of usages; words are a part of sentences; words can be collocated. So, the way a word has been used in a sentence must be given extra care. As we know, a word has two properties like letters and sound which must also be respected while investing on vocabulary. In a nutshell, the best companions for a language learner

are an English newspaper and a dictionary such as OALD (Oxford Advanced Learners Dictionary). When you start reading, pick the article based on your taste and your level.

Just read the following excerpts from the football news, imagine that you are a sports lover.

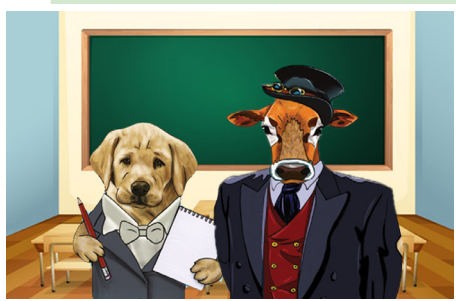

'One is aiming for the bright lights before walking into the sunset, the other looking to add more lustre to his crown. 'But this World Cup - even the last World Cup - it has been about Mbappe and Messi, two great players at the op-

posing spectrums of their careers. One is like the setting sun, shining brightly before slipping over the horizon, his immortality twinkling eternally in the footballing skies. The other is like the forenoon sun, scorching and blazing, risen but not yet leapt into the immortal skies. Not distant is the day that the forenoon sun would replace the setting sun. But before that, they would encounter each other, ready to dazzle each other, ready to measure each other's brightness, ready to burn in each other's light.'
