

Director's Words

Dear language lovers,
How many of us have wondered about the magical impact of words present in English language with just 26 letters? Isn't it a wonder that with just 26 letters, about 1 million words are created in English language? The charm of this

language lies in its variety. It is an expression based language; it is an idiomatic language; it is a language of patterns and usages. So, when we approach this language, definitely, we must keep all these factors in mind, then, our approach will be serious and authentic.

For a knowledge seeker, Q2 of 2024 had been an eventful period. The home district of Success Garden, Calicut has been declared as the heritage city by the UNESCO. This is based on the literary contribution of Calicut to the world. India and Britain have witnessed general elections. Sport has witnessed cricket 20-20 matches; Euro football and Copa America have got winners in the form of Spain and Argentina respectively. Wimbledon Tennis has got great matches. Paris is hosting the mega sporting event on earth called Olympics. As we know, the duty of a language lover is to get updated with the latest hap-

penings. Language is not a separate entity; language is for communication, information sharing and social excellence.

Personally, last quarter was a time for hard work for me in English language. As we know, all the language brands – IELTS, OET, PTE and TOEFL are evaluating our proficiency in English language which is really dynamic and evolving. In order to cope with the changing language trends, one has to be updated. I am excited to share that I was able to complete OET knowledge badge and ETS TOEFL certificate from Edex during the last quarter of 2024.

The biggest question for any language enthusiast is to continue in English language meaningfully. Having a very good language does not mean that your survival is very much ensured in this evolving world. We must update this language in terms of the vocabulary, patterns, usages and slangs which pop up every day. Whatever be your present level in this language, include English in your priority. It is not to glorify this language, but to ensure that we also have a place in this fast moving world. All the best in your language journey!

Linguistically yours,

Chintu M. Raju

FACULTY'S EXPERIENCE SHARING

Mr Ajun Shaju

Memoir from the home of OET...

January 2020 was an emotional rollercoaster for me. I finally received my VISA approval, which was a great news! But, it also meant parting ways with my friends and family at Success Garten. Ways Success Garten influenced me during my tenure as an OET trainer was huge, and my experiences there cannot be just penned down in words. It's true that one of the strongest motive for me to move to the country that I now call home was piqued by my friendship at OET home. For those who are not familiar with the name, during that time, OET classes predominantly used to happen in our beloved Chairman Mr Chintu's old home, hence the name OET home. OET home would indeed share a myriad of experiences if it could speak. The building itself had a character!

Being from an agricultural background, I embarked my journey as an OET trainer with a touch of anxiety. After all, it is English, right?

Special mention to my colleagues who help formulate many of the learning materials at a time when it was very scarce.

On a personal note, OET is special to me as most aspirants are serious about their approach to learn, and interacting with them not only gives you immense joy but also pushes you to grow further on the frontiers of English language. Nevertheless, the fun part was always the speaking session and role playing for me. In my opinion, there is no other module of popular English language tests where your body language, plays a great deal!

Well, it wasn't just imparting lessons to OET aspirants. The morning grammar sessions from the chairman polished my skills, and he was very peculiar about the trainers bestowing their best to the aspirants. My goodness! The conviction with which you approach a class after clearing your language queries is paramount. As stated earlier, I wish time could freeze in my ever learning language journey tenure at OET home. Nonetheless, the beautiful memories of OET home is deeply etched in my memory, and for that, I'm forever grateful.

ANNA KARENINA

STORY PLOT:

Anna Karenina is a novel by the Russian author Leo Tolstoy, first published in book form in 1878. Considered to be one of the greatest works of literature ever written, the novel deals with themes of betrayal, faith, family, marriage, Imperial Russian society, desire, and the differences between rural and urban life. The story centres on an extramarital affair between Anna and cavalry officer Count Alexei Kirillovich Vronsky that scandalizes the social circles of Saint Petersburg and forces the young lovers to flee to Italy in a search for happiness, but after they return to Russia, their lives further unravel.

Anna Karenina consists of more than the story of Anna Karenina, a married socialite, and her affair with the affluent Count Vronsky, though their relationship is a very strong component of the plot. The story starts when she arrives in the midst of her brother's family being broken up by his unbridled womanizing—something that prefigures her own later situation.

A bachelor, Vronsky is eager to marry Anna if she will agree to leave her husband Karenin, a senior government official. Although Vronsky and Anna go to Italy, where they can be together, leaving behind Anna's child from her first marriage, they have trouble making friends. When they return to Russia, Anna suffers shunning and isolation due to the relationship. While Vronsky pursues his social life, Anna grows increasingly possessive and paranoid about his supposed infidelity.

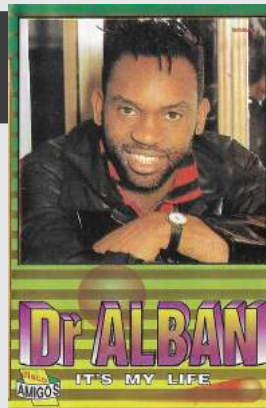

A parallel story within the novel is Konstantin Levin, a wealthy country landowner who wants to marry Kitty, sister to Dolly and sister-in-law to Anna's brother Stepan Oblonsky. Levin has to propose twice before Kitty accepts. The novel details Levin's difficulties managing his estate, his eventual marriage, and his struggle to accept the Christian faith, until the birth of his first child.

Song : 'It is my life'

Lyrics:

It's my life take it or leave it
Set me free what's that crap papa-knew-it-all
I got my own life you got your own life
Live your life and set me free
Mind your business and leave my business
You know everything papa-knew-it-all
Very little knowledge is dangerous

Pre hook

Stop bugging me stop bothering me
Stop bugging me stop forcing me
Stop fighting me stop yelling me
It's my life

(It's my life)

It's my life my worries! (It's my life)
It's my life my problems! (It's my life)
It's my life my worries! (It's my life)
It's my life my problems! (It's my life)

Do you understand

I live the way I want to live
I make decisions day and night
Show me signs and good examples
Stop telling me how to run your business

Take a trip to east and west
You find that you don't know anything
Every's getting tired of you
Sometimes you have to look and listen
You can even learn from me
Little knowledge is dangerous
It's my life

Ms Athira Prakash

Hi everyone, it's Athira Prakash here. I would like to share the magical experience of my tiny success, which was made possible with Success Garten.

Well, sharing my experience starts with the state of my English language skills. Honestly, they were a disaster—not because I didn't know how to speak or write, but due to a lack of confidence and very low self-esteem. After completing my nursing program, I immediately decided to do the OET and was searching for a good institution. All of my friends who were doing the OET decided to join Success Garten, and that's how I ended up there.

What can I say? The lack of confidence I had in my language skills was lifted thanks to the proper training and guidance from the mentors I had there.

Success Garten would be my first choice to learn and explore the magic of the English language, as it played a crucial role in my journey to success. I am incredibly grateful for the confidence and skills I gained, which have not only helped me achieve my OET goals but will also benefit me in my future career.

So, as I would like to take this wonderful opportunity to sincerely thank Chintu sir for creating such a marvellous place to study and mould out each and every person who come to Success Garten and help them to achieve their dreams. Thank you so much sir.

CONVERSATIONAL PRACTICE

*Revealing the characters
Backu & Yomol*

Dear language lover, as we know, our language ambassadors Yomol and Backu are engaging in a conversation. The following extract is a piece of communication between them. What you are supposed to do is to replace them with your family members/ beloved people and speak aloud the respective roles.

- Yomol : *Hi Backu, how is the weather like?*
- Backu : *It has been raining cats and dogs for the last two weeks!*
- Yomol : *I loved the way you presented the response, keep it up! By the way, has the rain wreaked any havoc in your place?*
- Backu : *Unfortunately yes. The fury of rain continues unabated.*
- Yomol : *Yes, the incessant rain has affected the normal life of people also.*
- Backu : *Correct. Scores of trees also got uprooted.*
- Yomol : *You know Yomol, most of the low lying areas were inundated.*
- Backu : *Exactly, I should say nature is very furious this time.*
- Yomol : *The weather has become highly unpredictable this year. Upto last May, it had been sweltering. Since then, it has been pouring heavily.*
- Backu : *There you are! I find a great improvement in your tense selection. You deserve a pat on your back.*
- Yomol : *Thank you dear!*

How can I improve my English language?

As we know, every language is a manmade invention only. So, whether we can acquire a language is purely illogical. It is very much possible. For learning any language, there must be a systematic approach. What is your real intention? Is it improving our speaking aspect of a language? Then, get into the listening part of that language. Is it improving the writing aspect of a language? Then, get into the reading part of that language. That is how the productive skills are connected with the receptive skills.

Creating the ambience of listening can give vibrations to our speaking system through the right sounds, intonation and fluency. Getting into reading habits gives us exposure in a wide range of vocabulary in terms of their lexical features and usages. By combining these complementary skills, definitely, our approach to become a fluent communicator in any language can be possible.

Laughing Moments

Patient: 24 HOURS? That's terrible!!
WHAT could be **WORSE**? What's the very bad news?
Doctor: I've been trying to reach you since yesterday.
